EXPERTISE

Time Management	★★★★★
Communication	★★★★★
Problem Solving	★★★★★
Understanding	★★★★★
Learning Faster	★★★★★
Skills level	★★★★★

Work Experience :

I am at Entry level So New

Self Learner :

Learning self online form the internet as much I can.
Learning Python form video.
I have learned completely using Linux my favourite is Pop OS and Garuda Linux.
I have learned customisation in Linux.
I have learned open-shift data science form red hat server that we can use :
1.Jupyter-hub
2.TensorFlow with Inbuilt Tools(with no errors from the cloud)
3.PyTorch same thing as TensorFlow
Big Advantage is it save time and good for deep learning and neural-networking for training deep-learning and machine learning models.

Doing Course Form Intellipaat Advanced Certification in Data Science and AI - by IIT MADRAS

2022-On 1st week of
April

- Python is cleared
- Next NumPy and all

Education

Mileages College ,Karnataka

2020-2021

BCA (First year only)

- I Lift it because my dad was passed away. I went by Maharashtra (Jalgoan) because in Karnataka was came for getting good education for career. Such thing taken my whole time so being family is good.

Yashwantrao Chavan Maharashtra

Open University, Jalgoan

2021-2022

B.com (English Medium)

- I am studying because my dad was factory owner so I can get time for Business and my joint family.
